DESCRIPTION

The **VC 7212-5C ADA-Compliant** 6-Wide Combination Vending Machine combines advanced technology with rugged durability to meet modern vending needs.

It features a double-layered, electrically heated glass door to prevent fog and condensation. Built to last, the body is explosion- and smash-resistant, capable of withstanding up to one ton of external force.

Equipped with backend management software, operators can monitor sales, inventory, run reports, and receive real-time alerts. It supports all major payment platforms, including GrabPay, Touch 'n Go, Boost, Maybank QR, PayWave, PayRange, Google Pay, Apple Pay, and more.

Its modular design allows adjustable shelves and product spacing to accommodate drinks, snacks, food, and specialty items. The standard layout includes five spiral shelves and one conveyor belt shelf for irregular products.

With 54 product selections, a guaranteed vend system, and energy-efficient LED lighting, the VC 7212-5C delivers maximum flexibility and performance in one powerful package.
