COLOR OPTIONS

The Vending Concepts **VC 8010-5S** Vending Machine is available in two sleek color options **classic black** and **clean white** allowing you to choose the perfect style to complement your location's aesthetic. Whether you prefer a bold, modern look or a more minimalistic design, both colors offer a professional, versatile appearance to suit any environment.

BLACK

WHITE

### DESCRIPTION

The **VC 8010-5S** offers full customization (additional charges apply) to accommodate a wide range of products, including tobacco, CBD, vape items, hair products, electronics, books, PPE supplies, and more. The standard configuration, featuring 40 selections, is optimized for traditional vending items such as chips and candy bars, but the modular design allows for flexible shelf adjustments, enabling taller or shorter shelves and wider columns to accommodate larger products.

**Compatible with a variety of leading payment platforms**, including Grab Pay, Touch N Go, Boost, Maybank, QQR, Paywave, Payrange, Google Pay, Apple Pay, and more, the VC 8010-5S offers a seamless payment experience. Additional features include a lockable cash box, a guaranteed vend system (which holds payment until the product is dispensed), and energy-efficient LED lighting.

Ideal for locations such as **office buildings, gyms, schools, hospitals, airports, convenience stores, and high-traffic retail environments**, the VC 8010-5S provides a versatile solution to meet diverse consumer needs.

ADDITIONAL FEATURES & OPTIONS

**Remote Monitoring & Intelligent Management System**

All VC vendors feature a backend management software. This Cloud Service System allows you to track sales & inventory, run reports, remote temperature controls, receive alerts and monitor your machines remotely. This includes, **Remote Health Lock**. Access your machine remotely to monitor the health timer switch during a power disruption at the facility. Avoid unnecessary travel and minimize lost sales.
